

# Code-Breaking on the Armenian Subway

By Alex Bellos

Here is a map of the subway system of Yerevan, the capital of Armenia.

Maya is at **Shengavit**. She is taking a train in the direction of **Barekamutyun**. Given that four of the other stations in the subway system are **Gortsaranayin**, **Zoravar Andranik**, **Charbakh**, and **Garegin Njdehi Hraparak**, which one of these (if any) is Maya's third stop after **Shengavit**?
